About Us

Aqua Oxygen Contracting & General Maintenance UAE is an upcoming name in the sector landscape construction and swimming pool design and maintenance. Our Vision is to become the best landscape and swimming pool Design Company in the United Arab Emirates and have been working efficiently towards that Goal. We at Aqua Oxygen Contracting & General Maintenance UAE have always aimed at maintaining our commitment towards top quality services, quality products, value for money and hundred percent client satisfactions. We have widened our horizon by expanding our services at all dimensions like Landscape, irrigation, swimming pools, outdoor rooms, lawns, gardens, spas and other commercial and residential constructions. Our expert team of consultants offers sound and secure service for the construction and maintenance of projects in the United Arab Emirates.

We do always try to keep our clients up to date about the recent trends in the sector and hence appreciate and encourage our staff to be well versed with the changing tastes and preferences of the people in general in this regard. All of our staffs are well trained and licensed members of the company.

Our innovative and creative ideas and acute eye for aesthetic beauty have always received great admirations from our clients. Our team works with customers from start to end of the project.

Building swimming pools has been a forte for us. When you choose us to build a swimming pool for you, we believe you let us make your dream into a reality. It is an honor for us and we try to live up to your expectations to the fullest. We have a team of specialists who assist you in through the various stages of planning, designing, building and installation of your swimming pool. We build swimming pools of all kinds, be it indoor or outdoor. Our swimming pool consultant offer solutions for a safe and secure swimming pool construction. Our team also promises to deliver other effective services. In regard to swimming pools, some of the services that we provide include,

- Planning & Designing of Swimming Pool
- Construction of Swimming Pool
- Re-Structuring or Renovation of Swimming Pool
- Repairing of Existing Swimming Pool
